Continuation of Substance of Interview including description of the general nature of what was discussed: The examiner had indicated dependent claim 7 as containing allowable subject matter in the final rejection on 11/03/06. An after final amendment filed 2/5/07 presented previously dependent claim 7 in independent form by moving the claim 7 limitations into independent claim 1. However, dependent claim 8, which states that a "compact bond line" is provided along the class-A surface further limits claim 1 which now includes the limitation that the "bond line....is not visible" along the class-A surface. The examiner noted that the scope of dependent claim 8 was indefinite following the amendment since a "compact bond line" is still a visible bond line and that claim 1 requires that the bond line is not visible. Applicant's representative agreed to cancel claim 8. Further, applicant's representative agreed to cancel claims 9-19 which were previously withdrawn with traverse in a restriction requirement.
